Jennifer Turpin, Peter Tonkin and Gail McDermott

Date Completed
1995

Description
2 pieces either side of the lake, 12ms and 6ms

Materials
painted timber and steel bolts

Location
The Canberra National Sculpture Forum, Lake Burly Griffin,
Canberra

The *Water Axis* refers to one of the principle planning axes of the city of Canberra – Walter Burley Griffin's 'Water Axis'. A timber line projects the axis from the water to the sky at one end of the lake and hugs the ground before disappearing into the lake at the other.
